OUR PEOPLE

BRAD KAVANAGH
RCL Foods Head Chef

Cooking is a passion that evolves into a lifestyle, it comes from the heart and shows in the results. Cooking with brands that deliver has inspired me over many years to create recipes and share my passion with hundreds of chefs around the country. Working for RCL FOODS, one of the largest food manufacturers in Africa, allows me to share this passion by creating recipes and meeting different customers. I am driven by interacting, inspiring, and exchanging knowledge with chefs and cooks alike. One of the projects that I am particularly inspired by is our Young Chefs and Bakers Challenges, which are aimed at developing and nurturing talented, up and coming chefs and bakers whilst ensuring the continuity of the highest industry standards for the future. I am extremely proud to be a part of a company that always strives to Do More.

STEWART JONES
Customer Marketing Executive

A foodie at heart, I have over 20 years' experience working in food service channels. My sales and marketing experience across frozen, chilled and ambient forms of distribution in the UK, South Africa, Europe, Africa and the Middle East affords me a truly global perspective to our Food Partners way of working in South Africa. Whether it be branded or customised products, I enjoy digging deep to understand our customers' needs and matching them to our internal capabilities. Food service is very close to my heart and I pride myself on being the custodian of our Food Partners way of working.

TERENCE CHETTY
Customer Marketing Executive

Within RCL FOODS I am truly able to fulfil a purpose and contribute positively to the growth of the business and industry as a whole. We DO MORE at RCL FOODS by understanding our customers – their people, systems, and processes, as well as we understand our own. There is a passion for FOOD within all of us, this coupled with deep understanding of shoppers and consumers in the many channels, sets us up to be a true partner in the B2B food and manufacturing spaces. It is an amazing place to be – working across different types of customers – from hawkers at the side of the road through to executive chefs at some of the biggest hotels in the country; from independent and artisanal bakers to business leaders leading world-class facilities producing some of the best loved brands in the country. Every day is different and equally rewarding for personal and professional growth.

OUR PEOPLE

NATALIE O CONNELL
National Operations Executive

I have been in the foodservice industry for the past 27 years and have had the opportunity to work with some amazing local and global brands; but I've found my home here at RCL FOODS. What inspires me every day is our passion to DO MORE! My team and I truly drive this ethos by imparting our specialised bakery and culinary skills training; and meal solution selling to our customer base to ensure that they continue to grow. Food creates many "a social occasion", which we aspire to find a solution to. "People who love to eat are always the best people" - Julia Child.

EDWIN UKAMA
QSR and Forecourts Executive

Working with food is really about working with people. At RCL FOODS we go beyond simply giving you great products so you can prepare great tasty meals. We want to partner with you to bring sustainable growth to the foodservice industry and ultimately improve the lives of those who work in it.

RICHARD MATTHEWS
National B2B And Industrial Executive

I'm inspired by solving puzzles and finding solutions, and the B2B ingredient industry is constantly evolving and throwing up curve balls.
